

Our Local Plan

**Regulation 19 Housing Topic
Paper / Housing Land Supply
Topic Paper: Addendum (2018)**

Addendum

1. Following Overview and Scrutiny Committee on 19 July 2018, members determined that the delivery of housing from the North Tandridge One Public Estate policy should be for 82 units rather than 150 units.
2. Members felt that due to the uncertainty of other sites coming through the one public estate programme, there was a greater degree of certainty around the 82 units as these represented land that was in the control of the Council and that whilst there was wider opportunities, the policy should reflect this. This amendment was subsequently agreed at Full Council on the same evening (19 July).
3. As the consultation is to start on the 30 July 2018, changes have been made only to the Local Plan to reflect this proposed amendment.
4. Necessary consequential to the evidence base to reflect this change will be made prior to submission.
