Community Infrastructure Levy (CIL) Instalment Policy

In accordance with Regulation 69B of the Community Infrastructure Levy Regulations 2010 (as amended), the Council will automatically allow the payment of CIL by instalments. The instalments permitted will be linked to the amount payable (the chargeable amount) as recorded on the Demand Notice.

As permitted under Regulation 9 (4) of the Community Infrastructure Regulations 2010 (as amended), where outline planning permission which permits development to be implemented in phases has been granted, each phase of the development as agreed by Tandridge District Council is a separate chargeable development and the instalment policy will, therefore, apply to each separate chargeable development and associated separate liable amount chargeable.

This policy will not apply if any one or more of the following applies:

a) A commencement notice has not been submitted prior to commencement of the chargeable development, as required by Regulation 67 of the Community Infrastructure Regulations 2010 (as amended);

b) On the intended date of commencement
   i. Nobody has assumed liability to pay CIL in respect of the chargeable development;
   ii. A commencement notice has been received by Tandridge District Council in respect of the chargeable development; and
   iii. Tandridge District Council has not determined a deemed commencement date for the chargeable development and, therefore, payment is required in full, as required by Regulation 71 of the Community Infrastructure Regulations 2010 (as amended);

c) A person has failed to notify Tandridge District Council of a disqualifying event before the end of 14 days beginning with the day on which the disqualifying event occurs, as per the Community Infrastructure Regulations 2010 (as amended);

d) An instalment payment has not be made in full after the end of the period of 30 days beginning with the day on which the instalment payment was due, as per the Community Infrastructure Regulations 2010 (as amended)

Where the instalment policy is not applicable, (i.e. where the development is completed earlier than the due date of the first instalment) the amount must be paid in full at the end of the period of 60 days beginning with the notified or deemed commencement date of the chargeable development or the date of the disqualifying event, which ever is the earliest, unless specified otherwise within the Community Infrastructure Levy Regulations 2010 (as amended).

NB: If any part of the chargeable development is completed before the chargeable amount has been paid in full then the outstanding amount will be due in full within the instalment time given or 60 days whichever is the lesser.

Where outline planning permission permits development to be implemented in phases, each phase of the development, as agreed by Tandridge District Council, can be treated as a separate chargeable development. The approved instalment policy will, therefore, apply to each separate phase of the development and its associated separate chargeable amount.
