This fact sheet is an overview of some of the key information regarding this ward which is contained in the Draft Local Plan.

It is intended to act as a guide to help better direct you to the relevant information in the Draft Local Plan which contains more detail.

We have created a map for each of the 20 wards in the district, as well as listing some important information for each including:

- Allocated housing sites – This is a site that has been allocated for residential development.
- Infrastructure – Requirements for roads, schools and health centres etc.
- Town Centres, Local Centres and Neighbourhood Centres- These are protected shopping areas.
- Tourism Asset – These are protected places to visit.
- Strategic Employment Sites and Important Employment Sites– Provide a mix of employment uses which will be protected and intensified.

Garden Community in South Godstone
The Garden Community will be located in South Godstone. Please note, the brown boundary on the Godstone map (see separate fact sheet by visiting www.tandridge.gov.uk/localplan) is only an area of search, it does not mean all the land within the brown line will be developed or removed from the Green Belt.

What is a Regulation 19 Consultation?
The main purpose of the Regulation 19 consultation is to ask for comment on the legal compliance and soundness of our Local Plan. Comments relating to legal compliance predominantly relate to procedural requirements.

In the case of comments relating to soundness, these should include whether the plan has been positively prepared and whether it is justified, effective and consistent with national policy.

Once Regulation 19 is complete, an updated Draft Local Plan is submitted for examination by an independent Planning Inspector who will undertake a ‘public examination’.

Key information for Warlingham East, Chelsham & Farleigh

Allocated Housing Sites
- Land at Green Hill Lane and Alexandra Avenue, Warlingham. HSG16 (estimated size 50 units) (in the Green Belt)
- Land at Farleigh Road, Warlingham. HSG17 (estimated size 50 units) (in the Green Belt)

Infrastructure*
- Flood works at junction of Farleigh Road and Sunnybank.
- Flood works at junction of Harrow Road and Chelsham Road.
- Flood works at Church Lane (before St Leonard’s Church).
- Cycle route from Warlingham Green to Upper Warlingham Station.
- Congestion alleviation at Sunnybank.
- Youth play space.

Local Centre
- Warlingham.

* Not all infrastructure provision relates to a policy. Some infrastructure will be funded through developer commissions and some will be funded by the Community Infrastructure Levy.

An amendment was agreed at the Planning Policy Committee on 3 July regarding policy HSG15. “This to include a green strip to the frontage of the site bordering Limpsfield Road which will, inter alia, provide local amenity space.”
